

Super Sound Attenuated Air Start Unit

Model RSS 85-184CE

Modular-skid design for installation on Trailer or Chassis

Features

- Single 85-series Gas-Turbine Engine installation
- Super sound-attenuated aluminum housing
- Less than 85 dB(A) measured in 1m distance 1,6m height
- Useable inside hangar

Performance under ISO Conditions

Pneumatic Power

- Flow: 155ppm (1,18kg/s)
- Pressure: 51Psia (3,5 bar)
- Temperature: 400°F (205°C)
